

Dr. David Schleich

South Portland Neighborhood Association

For this year's Volunteer of the Year the South Portland Neighborhood Association board unanimously chose someone who has been a big and positive influence on our neighborhood, Dr. David Schleich. As president of the National College of Natural Medicine he has been very insistent that the college integrate well with the neighborhood. He regularly meets with the neighborhood and participates in our meetings with government agencies on South Portland issues. He has opened the college up to the neighborhood with such things as health fairs, cooking classes, a healing garden, and meeting rooms. David, who rides his bike to work as often as he can, has an infectious, enthusiastic personality and is as likable as anyone can get. On top of all that, he shares his considerable music talents by bringing his band, the

Wicky Pickers, to our annual National Night Out picnic. Thank you, David, for helping us see the positive in life and our neighborhood, and for giving us so much of your time.
