

National University of Natural Medicine (NUNM) is the oldest accredited naturopathic medical university in North America and a leader in natural medicine education and evidence-based research.

As one of the most respected universities of natural medicine in the world, our holistic approach to global medical education impacts many lives. We believe in the healing power of nature and that food is medicine.

The Corporate Giving Program at NUNM is rooted in four core themes:

- Student Success
- Lifetime of Learning
- Patient Care
- Career Enhancement

When you give to NUNM, you are directly impacting our students, patients and community. Your gift enhances our mission by providing funds to sustain and innovate programming for our faculty, students and alumni. Financial and in-kind donations to our community clinics help our patients thrive, directly impacting our pursuit to provide culturally affirming care within many different communities locally and globally.

*Giving to NUNM includes financial gifts, in-kind donations, or a combination of the two.*
